Objective

Motivated and detail-oriented BS Computer Science student with strong front-end web development skills. Passionate about building responsive, modern web interfaces using HTML, CSS, JavaScript, and libraries like Bootstrap, Tailwind CSS, React.js, and GSAP. Seeking opportunities to contribute and grow in a professional tech environment.

Education

BS Computer Science
University of Science and Technology, Bannu
2022 – 2026
CGPA: 4.0

Technical Skills

Languages: HTML, CSS, JavaScript
Libraries/Tools/Frameworks: Bootstrap, Tailwind CSS, jQuery, GSAP, Particles.js, React.js
Version Control: Git (basic), GitHub
Design Principles: Responsive Design, UI Animation (basic)

Projects

- **Website Template Demo Clone**
  Tools: HTML, CSS, JavaScript, jQuery
  Cloned a modern business website layout with custom animations and interactivity using jQuery.
- **Persona Portfolio**
  Tools: HTML, CSS, Tailwind CSS, React.js, GSAP, Particles.js
  Recreated a fully responsive personal portfolio using React and Tailwind CSS, featuring GSAP animations and particle background effects.
- **To-Do List**
  Tools: HTML, CSS, JavaScript
  Created a basic to-do list with dynamic item addition, deletion, and completion functionality.
- **Weather App**
  Tools: HTML, CSS, JavaScript

Developed a weather application fetching real-time data using a weather API and displaying results based on user input.

- **Quiz App**
  Tools: React.js, Tailwind CSS, Redux Toolkit
  Built a quiz app with a 15-second timer per question, skip/wrong tracking, and final scoreboard showing user performance.
